

4 3 2,826 SF 26,869 SF
Bedrooms Bathrooms Living Area Lot Size

Extensively remodeled with exquisite taste and superior quality, this very special, light and bright one-story home harmoniously blends comfort and style and has been meticulously and painstakingly maintained.

The backyard is nothing short of glorious, every inch professionally landscaped. A true paradise, there is natural beauty to behold everywhere, all amidst the soothing sounds of an artfully crafted cascading waterfall. There's also a separate multi-purpose art studio in the backyard, as well.

Extensive updates, many of them quite recent, include central air and heat, metal doors and windows, many exquisitely crafted built-ins, multiple skylights, recessed lighting, art-focused lighting, a separate generator connected also to the gas line, a Tesla car charging port, a new roof, a security system and so much more.

Inclusion in the very desirable public school districts which include Kenter Elementary School, Paul Revere Middle School and Palisades High School.

All this, moments from the town center with all the shopping, dining and services that Brentwood offers.
