Positioned on one of Crocker Highlands' most desirable streets, this home offers space, comfort, and timeless character across three levels and 3,900 square feet. Upon entering, you are greeted by a cheerful living room with a fireplace, built-in bookshelves, and vintage windows, alongside a spacious, sun-soaked dining room. The eat-in kitchen with stone countertops, a Lacanche French range, custom tile backsplash, and a sunny breakfast nook evokes the South of France, while the adjacent den opens to spacious decks overlooking private rear gardens for easy indoor-outdoor living. Two bedrooms and one-half bath complete this level. Upstairs are two bedrooms with peek-a-boo Bay views and a modern hall bath, plus a primary suite with vaulted ceilings, a walk-in closet, and a renovated bath with dual vanities and a frameless glass shower. The lower level includes a distinctive writer's retreat overlooking the garden through a wall of windows, with a built-in library, cork floors and a bird's-eye maple desk guaranteed to inspire. Additional features on this level include a laundry area, wine cave, and a staircase leading to a private en-suite bedroom with a bath and deck access. Just doors from Crocker Highlands Elementary and minutes from Grand Lake, Lake Merritt, and Bay Bridge access to San Francisco, in one of Oakland's most sought-after neighborhoods.
